Children Cry

for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARONER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children."
ALEX. ROBERTSON, M. D.,
1007 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children."
DR. G. C. OSEON,
Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

WRECK ON THE ERIE.

Vestibule Train Jumps the Track Near Canisteo, N. Y.

ENGINEER INSTANTLY KILLED.

Nearly All the Train's Crew and a Number of Passengers Seriously Injured. Though None Thought Fatally—Four Men Killed in a Wreck on the Illinois Central—Other Railroad Accidents.

CANISTEO, N. Y., Nov. 12.—The Erie vestibule passenger train No. 80, which is due at this station at 11:23 a. m., yesterday jumped the track at Adrian, four miles east of here, wrecking the engine, the smoker and baggage car combined, the mail car, a dining car and three Pullman cars. The smoker was burned and the others badly smashed up, only two remaining cars of the train escaping without injury.

The engineer, James Stickney, of Hornellsville, was killed and badly mangled and Fireman Charles Beard, also of Hornellsville, was badly scalded by escaping steam, but will doubtless recover. Both men stuck to the engine to the last.

C. McCrean, of Union, mail clerk, was injured badly about the head, but the other three clerks in the mail car had a miraculous escape.

Baggage-master B. W. Hedley, of New York, was injured about the head and hands, and the news agent, J. W. Cottrell, of Elmira, was bruised about the legs and breast, the remainder of the trainmen getting only a bad shaking up.

The following passengers were injured:

Mrs. N. E. Bennett, of Canasewaga, injured about the head and limbs.

I. S. Sherman, of Chicago, head bruised.

Elizabeth Steidl, of New York, dangerously bruised about the head.

Spencer Bostick, of Owego, N. Y., bruised about the head.

George H. Brown, residence unknown, head bruised and knee jammed.

Unknown man cut in the face and bruised about the head.

The other passengers were more or less shaken up and slightly bruised, but not dangerously, excepting, possibly, Mrs. Steidl, which is certainly miraculous, as one car was completely destroyed, another gutted, and the other somewhat smashed.

No cause can be assigned for the accident, as when the engine left the track the rails were in perfect order.

Erie officials and medical aid were promptly on the ground, but the former were very reticent, and it was almost impossible to gather any information from them. Travel was delayed several hours and trains only began to move about 6 p. m.

WRECK ON THE ILLINOIS CENTRAL.

Collision Between Passenger and Freight Trains.

JACKSON, Tenn., Nov. 12.—Passenger train No. 3, southbound, and a northbound freight train collided on the Illinois Central, twelve miles north of here yesterday afternoon, while both were moving rapidly. The engines had reversed their engines or both trains would have been wrecked and many passengers killed. As it was, four men were killed outright, both engines ruined, a smoker telescoped and several freight cars smashed to pieces.

The accident was caused by the engineer of the freight pulling out of Oakfield, where he had been instructed to await the passenger.

The dead are: William Hillsman, engineer, and his fireman, Walter Spence; Fireman Tom McGee, colored, all of Jackson; Express Messenger James Holler, of Milan.

Only one passenger, Crockett Scott, of Jackson, was badly wounded. He was injured internally and may die.

Handcar Run Into.

CLOQUETT, Minn., Nov. 12.—A Duluth and Winnipeg engine and caboose, while backing up to Carlton from here about 6 o'clock last night, ran into a handcar which contained six persons. All saved themselves by jumping except Christine Lebeck, wife of the St. Paul and Duluth section boss, who was caught and dragged some distance, receiving injuries from which she died half an hour after.

NEW PROCESS WHISKY.

The Trust Will Start One of Its Largest Peoria Concerns Next Week on It.

CHICAGO, Nov. 12.—The whisky trust will start one of its largest distilleries at Peoria next week with a new plant, designed for the manufacture of whisky with the much-talked-of Takomina process. Director Jacob Woolner also announces that the process will be extended as rapidly as possible to the other distilleries belonging to the trust. He claims that the Takomina process represents a saving of 20 per cent. in the cost of production. The experiments have demonstrated that the process can be successfully applied to the making of beer, ale and other similar liquors. The trust, Director Woolner states, by a recent arrangement with the western dealers, now controls all but about 10 per cent. of the western trade.

Boiler Explodes.

ST. MARY'S, O., Nov. 12.—By the explosion of a boiler near Vondora, in Mercer county, William and Henry Thomas, two wood sawyers, were killed outright. The water in the boiler got low and caused the explosion.

Powder Mill Blown Up.

VALPARAISO, Ind., Nov. 12.—A large powder mill at Miller's Station was blown up yesterday. Several tons of powder were destroyed. The shock was distinctly felt in this city, twenty miles distant from the scene.

KNIGHTS OF LABOR.

What Was Done at the Second Day's Session of the Toledo Meeting.

TOLEDO, O., Nov. 12.—The Knights of Labor, in general assembly, spent the morning in discussing the committee on credentials.

The following telegrams were sent:

To Thomas Ryan, Baltimore.

The general assembly of the Knights of Labor in their fifteenth regular annual session, sends fraternal greeting to their brothers in the cause of humanity—the Marble Workers' National union now assembled in annual convention at Baltimore. May your deliberations result in great good to the members of your craft, and may your work for the welfare of the army of labor be more enduring than monuments of marble.

JAMES A. WRIGHT, Chairman of Committee.

To Alvin Agee, President Farmers' Alliance and Industrial Union of Ohio, in session at Columbus, O.:

The general assembly of the Knights of Labor, in convention assembled, extend through you to the farmers of Ohio fraternal greeting, and wish you success in the work in which you are engaged.

JAMES A. WRIGHT, President of the Committee.

General Master Workman Powderly's report covers many important topics. He first takes up the work accomplished through the efforts of the order in the line of reform. He advises that the general assembly leave the work of framing local laws to the local assembly.

On the question of politics Mr. Powderly insists that when an officer seeks political preferment he should retire from his official position in the order. He speaks of the good influence exercised by the adoption of the noted section 343 by the last assembly, which gave the chief officials power to discipline members who defamed the order or any one belonging to it in the newspapers. General executive board should be given power to hear testimony.

Mr. Powderly gives his approval to the industrial conference to be held in Washington next February. He congratulates the knights on the growing strength of the opinion that the government should operate the railroads, and thinks the time near at hand when this will be brought about.

He next takes up the question of ballot reform, and takes much credit for the business in the fact that in eighteen states secret ballot has been secured. He suggests that the following preamble be added: That all laws shall be submitted to the people for their scrutiny, and approved before they are passed upon by congress or the legislature.

Mr. Powderly suggests that it would be well to change the name of the paper printed by the order.

The sentiment in favor of the establishment of a uniform rank is growing in the order and many of the young members are desirous of giving it a test. Mr. Powderly thinks there can be no harm in permitting those who favor the idea to put it into practice, and its adoption is recommended.

A degree for those who are too young to become members under the present laws is recommended and Mr. Powderly thinks such action would be beneficial. The report closes with a feeling reference to the death of Richard Griffith, formerly grand worthy foreman of the order.

STRANGE SLEEPERS.

Two Persons Who Have Lain Dormant for Half a Year.

DETROIT, Nov. 12.—George A. Wiard, of Montague, who went to sleep May 1, and did not awaken thereafter, died Sunday night. His protracted slumber followed a very obstinate attack of grip. About the 1st of August he moved slightly and uttered a few words, but he did not regain consciousness. Before the singular affliction Wiard was a powerful young man, weighing 170 pounds. At his death he weighed fifty pounds.

Miss May White, of Stockbridge, has been sleeping five months. Her physicians can arouse her each day, but after an hour or more of conversation she sinks into a profound slumber. Her weight has been reduced from 135 pounds to seventy. In her waking moments she speaks hopefully of recovery, but it is believed she cannot long survive.

A Sleeper in New York.

CORTLAND, N. Y., Nov. 12.—Miss Arnold, employed by John Hubbard, postmaster of Blodgett's Mills, retired on Sunday evening, slept as usual, and arose the next morning, when she employed herself with her household duties until 10 o'clock. At that time a feeling of extreme drowsiness began creeping over her, which she could not throw off, and she went to sleep. She has been in a deep sleep ever since, and all efforts to arouse her are futile. She has partaken of no nourishment since Sunday. The local physicians are greatly puzzled over the case, and are at a loss to account for it. Miss Arnold has symptoms of heart disease.

Four Stores Burned.

AUGUSTA, Ga., Nov. 12.—A disastrous fire destroyed four big stores in this city. Loss estimated at \$125,000. The insurance is about one-third. The heaviest loser is a large general dealer named Myers, whose three establishments were utterly wiped out. Padgett's furniture store suffered heavy loss.

Block of Business Houses Burned.

SLATER, Mo., Nov. 12.—Fire started in the Central House at 1 o'clock yesterday morning. Before the flames could be controlled they had destroyed a block of business houses on either side of the hotel. Loss \$75,000; partially insured. The cause of the fire is unknown.

Insurgents Elected.

VALPARAISO, Nov. 12.—Senor Silva has been elected president of the Chilean senate and Senor Luco president of the chamber of deputies. Both were members of the late insurgent junta.

FLOODS IN SPAIN.

Great Devastation Done During the Past Month.

ITS EXTENT BEING LEARNED.

The Loss of Life Will Reach Up in the Thousands, the Exact Number Will Probably Never Be Known—Great Suffering Exists Among the Survivors in the Flooded Districts.

MADRID, Nov. 12.—It is now becoming possible to witness to some extent the great devastation that has been caused by the tremendous floods which have swept over so many parts of Spain during the past month or so.

Beginning with the terrible disaster at Conseguera, when that place was practically swept from the face of the earth, and where the loss of life amounted up into the thousands, the country has been subjected to a series of floods which are without parallel in the history of Spain. It is believed that the total loss of life will never be accurately known.

From many places the joyful intelligence is telegraphed that the waters are subsiding and that the rivers are seeking their natural channels. But the scenes in the country visited by the floods are distressing. The fields that before the inundation smiled with the promise of abundant harvests are now bleak and desolate. Many farms lying in the lower ground are covered with broken trees, matted branches, stones and rubbish of every description, deposited there by the receding waters.

A scene of the greatest devastation presents itself in the valley of the Jucar river. This river rises in the Sierra Albarracin and flows into the Mediterranean at Culleria. It is about 200 miles long. Along the banks the land is fertile, and large sections of the country in its vicinity were devoted to the cultivation of oranges.

Today the well-tilled groves and fertile farms are wrecked. The deep, rushing waters swept furiously through the orange groves, tearing the branches filled with the green and ripened fruits from the trees, and otherwise damaging them. In fact, it will be a matter for rejoicing among the orange growers if they can get half a crop from the trees which are left standing. The other crops on the farms, such as rye and barley, are completely destroyed. The inhabitants of the valley having been deprived of their usual means of subsistence, are plunged into the most dire distress.

There is great suffering, more especially among the lower classes, and it is evident that unless something is done to relieve them there will be a number of deaths from famine and exposure. The health officials are taking measures to prevent an epidemic of fever, as it is feared that the sediment deposited upon the land by the receding waters will prove a fruitful source for the breeding of typhoid and malarial fevers.

To add to the distress many of the residents of the valley have not only lost their crops, but their dwellings have been completely destroyed or else damaged to such an extent that they are unfit for use. The damage from this cause is immense.

HIS AGONY ENDED.

One More Death Resulting from the Cincinnati Fire.

CINCINNATI, Nov. 12.—William Meyers, the unfortunate man who was so frightfully burned at the Onken fire on Second street Monday morning, lingered in horrible agony at the Cincinnati hospital until 5:30 o'clock yesterday morning, when death relieved him of his sufferings. The deceased was married and lived at 295 West Liberty street. He leaves a widow and one child.

All that was mortal of Lieutenant Bocklage and Pipeman Anderson was returned to mother earth yesterday. It was one of the largest funerals witnessed in this city for many a day.

A large throng of people lined the streets over which the procession passed. Two wagons loaded down with floral gifts preceded the hearses and carriages, one of the most touching pieces being a shattered ladder, leaning in mute and melancholy significance against columns of smilax. The funeral services were held in the Cathedral, and the burial took place at St. Joseph cemetery, Price Hill.

DASTARDLY WORK.

An Attempt Made to Blow Up a Good Templars Hall.

WATERTOWN, Wis., Nov. 12.—A desperate attempt last evening was made by unknown parties to blow up the hall of the local lodge of Good Templars while the organization was in session. Dynamite was used, and the charge was partly exploded. The hall was damaged to a considerable extent, but fortunately no one was seriously injured.

But a small part of the charge was exploded, which accounts for the fact that the hall and its occupants were not blown into fragments. The dynamite was placed in a pile of wood in the ante room, and a part of it was thrown into the stove. William Harrington was badly burned and the building fired by the explosion. The property loss is small.

MINNEAPOLIS, Nov. 12.—Specials from points in North Dakota show that there is a general snowstorm in the state. Bismarck says that at 8:30 last night the wind was blowing fifty miles an hour and a blizzard prevailed. Devil's Lake reports snow falling all the afternoon. At Dickinson snow had been falling since noon yesterday and the temperature is at the freezing point. Snow has been falling steadily at Steele since yesterday noon, and at Wahpeton the rain that fell all the afternoon was followed by snow in the evening.

GOLD AND SILVER.

Annual Report of the Director of the Mint.

WASHINGTON, Nov. 12.—Edward O. Leach, the director of the mint, has submitted to the secretary of the treasury a report of the operations of the mints and assay offices for the last fiscal year.

The value of the gold deposited at the mints and assay offices during the fiscal year 1891 was \$59,625,678 against \$48,228,828 in the preceding year, an increase of \$10,396,850.

The deposits and purchases of silver aggregated 71,889,668 standard ounces of the coinage value of \$33,630,154 against \$43,565,135 in the preceding year, an increase of \$10,965,019.

The coinage executed at the mints was the largest in the history of the mint in this country, aggregating 119,567,877 pieces, valued as follows: Gold, \$24,117,202. Silver dollars, \$36,283,802. Subsidiary silver, \$2,039,218. Minor coins, \$1,186,936. Total, \$63,611,158. The seigniorage on the coinage of silver dollars was \$6,221,533, and on subsidiary silver coinage \$92,444, a total of \$6,313,977.

The total coinage of silver dollars under the act of 1878, from March 1, 1878, to the close of such coinage, has been \$378,166,793. The coinage of silver dollars under the act of July 14, 1890, to Nov. 1, 1891, has been \$31,308,575, a total coinage of silver dollars since 1878, of \$409,475,368. The net seigniorage on the coinage of silver during the thirteen years ended June 30, 1891, has aggregated \$71,952,390.

The exports of silver from London to India during the first nine months of the present year show a falling off of over one-half as compared with the same months of the previous year.

The net loss of gold by export during the fiscal year was \$67,946,768, while there was a gain of silver by excess of imports over exports amounting to \$2,745,365.

The loss of gold by export was materially larger during the last year than in any recent year. The heavy movement commenced in February of the present year and did not cease until the close of July. The total amount exported during that period from the port of New York was \$70,238,494.

The director treats in detail of the movement and points out some of the causes operating to produce it. It is gratifying to report, he says, that a return movement of gold is well under way, which has aggregated since July 1, up to Nov. 1, 1891, \$21,580,448, and which, it is believed, will continue for some months.

The total amount of silver purchased during the last fiscal year was 56,878,325 standard ounces, counting \$53,626,924, an average cost of \$1.04 3/4 per fine ounce.

The price of silver during the last fiscal year fluctuated from \$0.964 to \$1.21 per fine ounce, a fluctuation greater than in any previous year of which we have knowledge.

The average price of silver during the year, based upon London quotations, was \$1.04 1/2 a fine ounce, and upon New York quotations, \$1.05 3/10 a fine ounce.

The mines of the United States yielded during the last year gold valued at \$32,845,030, and \$70,464,454 in silver. The coinage of gold and silver by the various countries of the world (including recoinages) so far as reported for the last year, aggregate: Gold, \$149,118,959; silver, \$181,980,621.

The director estimates the stock of metallic money in the United States on Nov. 1, 1891, to have been: Gold, \$671,189,531; silver, \$539,241,624. Total, \$1,210,381,155.

The value of the precious metals used in the industrial arts in the United States during the last year was approximately, gold, \$18,000,000; silver, \$9,000,000.

The report is replete with valuable statistics, furnished by foreign governments through our diplomatic representatives, covering the production, coinage and movement of the precious metals in foreign countries.

The director estimates the coin value of the gold and silver product of the world for 1890 at \$282,656,000. Of this product \$116,009,000 was gold and \$166,677,000 silver.

TROOPS FOR TENNESSEE.

No Call Made on the Authorities at Washington.

WASHINGTON, Nov. 12.—Acting Secretary of War Grant said yesterday that there had been no correspondence between the department and the governor of Tennessee asking aid of federal authorities in case the trouble with the miners in Tennessee becomes serious.

Last summer during the trouble with the miners he had some correspondence with Governor Buchanan, which was submitted to the president, but no definite conclusion was reached. There appears to be a question as to whether the governor of Tennessee has the power to order out the state troops, as there is a provision in the constitution of that state which says the governor cannot call out the troops unless authorized to do so by the legislature.

Population of Ohio.

WASHINGTON, Nov. 12.—The census office has issued a bulletin giving the population of Ohio by minor civil divisions. The population of the state in 1890 was 3,672,316 against 3,198,062 in 1880. Of the eighty-eight counties in the state, twenty-eight show decreases, most of them very slight.

In Jail at His Own Request.

OMAHA, Nov. 12.—A special from Lincoln, Neb., says farmer Barrett, living five miles south of town, is in jail at his own request. He killed a book agent named Hayes yesterday, who tried to make him pay for a book his brother-in-law bought. The agent attacked him with a cane, which was wrested from the agent by Barrett and a blow fractured the agent's skull.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

THURSDAY, NOVEMBER 12, 1891.

The Forakerites of Ohio are ready to resort to most any trick now to get their man in the U. S. Senate. They would knife Sherman, bounce Brice, or do any thing else that's mean and dispicable. Luckily, however, they haven't anything to do with Mr. Brice's case at this stage of the proceedings. The U. S. Senate will pass on his credentials.

The Judicial district just across the river is composed of the counties of Brown, Adams and Clermont. These counties are usually Democratic, the majority in the district being from 1,500 to 2,000, but three times in succession now the Republicans have elected the Judge. The Democrats over there ought to settle forever their factional bickerings. "United we stand, divided we fall."

SEVERAL Governors have not waited for President Harrison to take the initiative in the Thanksgiving business. Governor Campbell, of Ohio, led off, and Governor Russell, of Massachusetts follows suit. They have fixed November 26th as the day. Politically speaking, Governor Campbell hasn't a great deal to be thankful for, but he is no doubt grateful his Democratic friends elsewhere fared better than he at the late elections.

RECEIVER BEAL, of the Maverick Bank, Boston, has discovered that the worst feature of the \$8,000,000 break is "the inadequate collateral behind loans to the directors." In other words, the directors looted the bank so completely that outsiders got no spoil, says the Louisville Times. Such failures as the Maverick should impress upon members-elect of the coming Legislature the importance of passing stringent laws to protect bank depositors.

SENATOR SHERMAN doesn't agree with other Republicans in their opinion as to the result in the Buckeye State, if he is correctly reported. The Louisville Times says: "In an interview with a staff correspondent of the Philadelphia Press, Mr. Sherman virtually admits that but for the silver plank in the Ohio Democratic platform, Campbell would have carried the State." Is the Senator trying to pluck the laurels from McKinley's brow? It looks that way, but he is not in a position to antagonize and belittle other Republicans. He has a fight of his own on hand.

There is None Better.

Dr. R. L. St. John, of Howland, Putnam County, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and says there is none better. It is especially valuable for colds and as a preventive and cure for croup. The most excellent medicine is for sale by Power & Reynolds.

Railroad News.

An exchange says the L. and N. is doing a heavy traffic east and west over its new route by way of Middlesborough and Big Stone Gap to the seaboard.

Says the Portsmouth Blade: "The C. and O. Railroad was Monday trying the experiment of running double-headers on the Cincinnati division. Several trains, carrying about fifteen hundred tons of freight each, passed the city."

THE WORLD'S STEAM POWER.

It Represents 49,000,000 Horses and 1,000,000,000 Men.

[Chicago Press.]

Four-fifths of the world's steam engines at present in operation have been constructed within the last quarter of a century. France possesses 47,580 stationary engines, 7,000 locomotives and 1,850 marine engines; Germany, 59,000 stationary engines and boilers, 10,000 locomotives and 1,700 marine engines; Austria, only 12,000 stationary engines and 2,800 locomotives. The force of the steam engines in operation in the United States is equal to 7,500,000 horse power, of those of England 7,000,000, in Germany to 4,500,000, in France to 3,000,000 and in Austria to 1,500,000 horse power. In these figures the horse power of locomotives is not included; in the beginning of 1890 the total number of the world's locomotives amounted to 105,000, representing from 5,500,000 to 7,000,000 horse power. Taking the figures at 6,000,000 only, this gives the total horse power of the whole of the steam engines and locomotives on the earth as 49,000,000. The horse power of a steam engine may be estimated as equivalent to the power of three horses, and the power of a horse as equivalent to that of seven men. The world's steam engines, therefore, representing the enormous total of 1,000,000,000 men, or double the number of workers in the world, the total population of the earth being estimated at 1,400,000,000 souls.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Woman, she clung to Castoria.
When she had Children, she gave them Castoria.

NUPTIAL KNOTS.

November Brides and Grooms Are Numerous—J. B. H. Notes a Number of Them.

November, in its first ten days, certainly came up to the standard of beauty we claimed for its predecessor—October with its dreamy brightness and softened splendor belonging to none other than herself. Let us remember that the same hand that decked the rose and lily, that perfumed the violet, and burnished the sky with golden glory, now opens the windows of heaven to send down the rain which falls upon the full bosom of nature, thence to be diffused in life-giving streams, when the great mother again teems with floral and cereal life.

Behold the bridegroom cometh! The farmer boys to the front! Three of them bow their necks to the matrimonial yoke this week.

Handsome cards of unique design foreshadowed this event: "Mr. and Mrs. Wm. Rhoades request your company at the marriage of their daughter, Lizzie R., to Charles F. Haughey, Tuesday evening, November 10th, at the M. E. Church, South, Washington, Ky., at 7 o'clock."

The gentlemen mentioned above in the partnership already consummated is a young and active farmer of the Fern Leaf neighborhood; the young lady one of the pleasant and attractive girls of Washington. She and her sister were among the Parkers' Hill camp meeting belles of cottage No. 6, and will be remembered by many admirers.

The BULLETIN (a prior engagement precluded the possibility of being at the church ceremonial) salutes the new firm, Mr. and Mrs. Haughey, wishing them many years of health, happiness and prosperity.

WIGGINS-COLLINS.

Willis Wiggins and Miss Lizzie J., fourth daughter of Mr. and Mrs. John Collins, of the Sardis neighborhood, were quietly wedded Wednesday morning, November 11th, at 9 o'clock, at the home of the bride's parents. Elder W. H. Wall pronounced the eloquent and impressive ceremony, at the conclusion of which the bridal party left the parlor and were driven to Maysville by Prof. Venie. Dining at the Central Hotel, they took the F. V. for Cincinnati, where amidst the diversions and entertainments of metropolitan life they propose whiling away the ecstatic evenings of the honeymoon.

The immediate family of the bride and a few intimate friends were the witnesses of the event, which we trust is fraught with much happiness for both parties.

The bride is of graceful figure, with charming manners—a demi-blonde, with blue eyes, chestnut brown hair, regular features, with a beautiful dimple in her left cheek. She was attired in a traveling costume of blue serge cloth, gilt trimmings; hat to match.

The groom is one of the active and successful young farmers of the Sardis neighborhood, and we predict will make a good husband, as we know him to be a pleasant neighbor.

FORMAN-BERRY.

Walker Reid Forman and Miss Dora Berry were quietly married at the home of the bride's mother in Mayslick, Wednesday afternoon, Nov. 11th, at 2:30 o'clock. The ceremony was of exquisite beauty, deep solemnity and artistic rhetoric, Elder F. M. Tindler, pastor of the Christian Church, officiating.

The costume of the bride was blue broadcloth, with velvet trimmings; hat to match.

The couple are well matched in size and height, and were much remarked as good looking. The bridal tour will include Cincinnati and Louisville.

The bride is one of the loveliest of Mayslick's society ladies. Her domestic qualities are only equalled by her general agreeability. Well versed in all the intricacies of Kentucky housewifery, she is well fitted to sway the scepter of the interior with attractive grace.

A magnificent line of bridal presents were given to the wedded couple.

J. B. H.

SEAMAN-CHILDERS—RUDY-CHILDERS.

An impressive nuptial ceremony was witnessed at the M. E. Church, Augusta, last evening at 6 o'clock. It was a double wedding service, Maysville contributing the grooms and Augusta the brides—the happy couples being Mr. J. R. Seaman and Miss Hattie Childers and Mr. Henry M. Rudy and Miss Minnie Childers.

The church was crowded, a number of Maysville friends of the parties being present. Rev. Mr. Howes, of Louisville, a brother of Rev. C. J. Howes, officiated.

The brides are daughters of Rev. W. H. Childers, a well-known Methodist minister, present pastor of the church at Augusta. He had charge of the Chester circuit a few years ago, and during his residence in Chester he and his estimable family made many friends in Maysville, who extend a warm welcome to the young brides. The grooms are clever and industrious young men, and have fitted up cozy homes on Fifth street and in the East End.

The wedding party came to Maysville on the 8 o'clock train last night.

DICKSON-POLLITT.

Allie C. Dickson, of Orangeburg, and Miss Minnie Pollitt, of Cottageville, were quietly married yesterday afternoon at 4 o'clock by Rev. J. E. Wright at his home on West Second street.

Denominational Doings.

The Baptists of Havana, Cuba, recently purchased an opera house there at a cost of \$60,000, and with some alterations have adopted it to their needs as a place of worship.

The Richmond Climax says: "Elder J. W. Harding, of Winchester, has accepted the call from Flat Woods Church, this county, for the 26th year of his ministry at that place."

An exchange says: "One of the most remarkable church meetings in the annals of church history of Missouri closed recently. Plattsburg, with a population of 1,800, held a protracted meeting, conducted by Elder Martin, of St. Louis, resulting in 372 additions to the Christian church. One night 65 joined, and he immersed fifty in forty minutes."

Bishop Dudley is to be a prominent official of the Episcopal Congress which is to meet in Washington City next week. Its general officers are as follows: President, Hon. George F. Edmonds, LL. D., assisted by the Rt. Rev. T. U. Dudley, D. D., LL. D., Bishop of Kentucky; General J. R. Anderson, of Richmond, Va., and probably the Hon. Alex. H. Rice, LL. D., of Massachusetts. The devotional exercises, on the occasion of the several sessions, will be under the direction of Bishop Dudley.

Real Estate Transfers.

George G. White and wife to William Byron, thirteen acres, three roads and twenty poles of land on the Mt. Sterling pike a few miles from Maysville; consideration, \$1,350.

Mrs. Kate Murphy to Pat Ryan, Jr., and James Ryan, twelve acres, two roads and twenty poles of land on North Fork; consideration, \$1,550.

Sabina Wells to David Wells, lot No. 15 in Woodville; consideration, \$300.

THE MARKETS.

Cincinnati Tobacco Market.

(Tuesday.)

With breaks of fair size the market held firm without change from last week. The common and low grades composed the major portion of the offerings, but were in steady demand and sold well at prices noted heretofore. A fair demand is noted for common and medium leaf. What few hogheads of better grades were offered sold at full prices.

Of the 488 hds, 174 sold from \$1.40 to \$3.50, 134 from \$4 to \$5.95, 103 from \$6 to \$7.95, 42 from \$8 to \$9.50, 27 from \$10 to \$14.75, 7 from \$15.25 to \$18.75 and 1 at \$20.

Cincinnati Live Stock Market.

(Wednesday.)

Receipts of hogs, 4,000; cattle, 750; sheep, 350. Shipments of hogs, 103; cattle, none; sheep, 190. HOGS—Common, \$3.15@3.65; fair to good light, \$3.50@3.75; packing, \$3.75@3.90; selected butchers, \$3.95@4.10. Market easy. An Ordinance

Looking to the Consolidation of the Town of Chester With the City of Maysville, Under an Act entitled "An Act to Authorize the Consolidation of the Town of Chester With the City of Maysville, in Mason County," Approved May 16, 1890.

§ 1. Be it ordained by the Trustees of the Town of Chester, That the question of consolidating the town of Chester with the City of Maysville under and by virtue of said act, and the same is hereby submitted to the legal voters of the town of Chester, on the following plan of consolidation, viz: That the town of Chester shall not be responsible for nor charged with any of the debt or debts of the City of Maysville existing at the time of consolidation, nor shall the City of Maysville be responsible for or charged with any of the debt or debts of the town of Chester existing at that time; and that the ordinance of Maysville preventing stock from running at large shall not apply nor be in force in Chester, then to be known as the Sixth ward of Maysville, unless that thereafter a majority of the legal voters of the town of Chester, or six ward, shall vote in favor thereof, upon the question being submitted to them on due notice.

§ 2. That the question of consolidation under said act and upon this plan—provided that the question be submitted by a similar ordinance on the same day by the City Council of Maysville be and the same is hereby submitted to the legal voters of Chester on the 28th day of November, 1891, at an election to be held on that day.

§ 3. Time for the purpose of holding said election, John Whittington, Joe Wallingford and O. P. Cox are appointed inspectors of said election in the First ward, to be held at the Station House, at 8 a. m. to 7 p. m.; that Frank Dietrich, Monroe Hart and E. B. Cox are appointed inspectors of said election in the Second ward, to be held at E. B. Hunt's house, at the same hours; that A. Politt, Fred Schroeder, M. L. Spencer are appointed inspectors of said election in the Third ward, to be held at the Corner Shop, at the same hours.

§ 4. That said inspectors, being duly sworn, shall appoint one of their number Clerk to record the names of the legal voters in a book to be provided, with two columns—one for and one against the proposition for consolidation in the proper column, and shall put the question to each voter whether he votes for or against the consolidation of the town of Chester with the city of Maysville, and shall record his vote as cast either for or against the consolidation in the proper column, and said inspectors shall make return thereof and certify same as required in case of other elections to the first regular or called meeting of the Board of Trustees thereafter.

§ 5. This ordinance to be in force from and after its passage.

H. H. COLLINS, Chairman.

J. B. NEWTON, Clerk.

November 6, 1891.

An Ordinance

To amend an Ordinance entitled "An Ordinance to Prevent Loafing on the Streets and Street Corners of the City of Maysville."

§ 1. Be it ordained by the Board of Councilmen of the City of Maysville, That an ordinance entitled "An Ordinance to prevent loafing on the streets and street corners of the City of Maysville," be and the same is hereby amended as follows: That it shall be unlawful for any person or persons to loiter or idly pass their time upon any of the streets or street corners of the City of Maysville.

§ 2. Any person or persons violating the first section of this ordinance shall, upon conviction before the Mayor, be fined in a sum not less than one dollar or more than five dollars, to be enforced, collected and accounted for as other fines for violating the ordinances of the city.

§ 3. Any police officer failing or refusing to enforce the first section of this ordinance shall, upon conviction before the Mayor, be fined in a sum not less than one dollar or more than five dollars, to be deducted from his monthly pay as police officer of the City of Maysville.

§ 4. Court days and public holidays under the laws of the City of Maysville shall be exempt to those persons that would come under section first of this ordinance.

§ 5. Nothing in the several sections of this ordinance shall be construed to give police officers power to make arrests through malice or dislike to any person; the tenor of the law is to break effectively the pernicious habit of white and colored persons from loitering about the streets and street corners to the detriment of the business men of the City of Maysville, and the Mayor of the city shall use a reasonable amount of discretion in the enforcement of the several sections of this ordinance as to who shall be deemed guilty of violating any of the provisions of the aforesaid sections of this ordinance.

§ 6. This ordinance shall take effect and be in force from and after its passage.

Adopted in Council November 5, 1891.

MARTIN A. O'HARE, Clerk.

MRS. MARY J. BOYER, widow of Willis Boyer, of Manchester, has received notice through her attorney, Mr. M. C. Hutchins, that she has been granted a pension of \$3 per month from November 21, 1890.

CIRCUIT COURT NEWS.

Deputy Marshals Downey and Stockdale Acquitted—Motion for New Trial in Sullivan Case.

Deputy Marshal Stockdale was tried yesterday on the charge of assaulting and beating Henry Otto a few weeks ago. Mention was made of the case at the time he was indicted. The jury returned a verdict of not guilty. The evidence showed that Otto was drunk, had torn the officer's clothes and kicked him before he was struck, and that the officer was not guilty of assault and battery. The indictment against Marshal Hefflin, who assisted Stockdale in taking Otto to the station house at the time mentioned, was filed away on motion of the Commonwealth's Attorney.

A like verdict was returned in the case of Deputy Marshal Downey, who was charged with assaulting and beating George Sullivan.

A motion and grounds were filed this morning for a new trial in the case against Samuel C. Sullivan, who was given two years in the penitentiary for killing Thomas Broshears.

POSTMASTER DAVIS has received word from the Department that the new sizes of postal cards are not yet ready for issue, and that he will be advised as soon as they are.

COOK & COLVIN, corner Wall and Front streets, dealers in old iron, brass and rags, want, by the last of this month, hides of every description, but coon hides in particular, for which they will pay market price.

"Who first comes to this world below, with drear November's fog and snow, should prize the topaz's amber hue, emblem of friends and lovers true." Call and see those lovely birthday rings Balleger, the jeweler, is selling.

SUTTON street now has some of the handsomest residences in this city. The remodeled dwellings belonging to Mrs. Laura Collins and Mr. Anderson Finch are among the most substantial and tasteful improvements made in Maysville this season.

ATTORNEY-GENERAL W. J. HENDRICK, who was a stockholder in the lumber firm of R. B. Cotter & Co., of Louisville, who made an assignment last week, is said to have lost \$23,000 by the failure. The many friends of Mr. Hendrick hope the report is not true.

SAYS the Carlisle Mercury: "J. Barbour Russell, of Maysville, and Mr. Kitt, of the Dwight Soda Company were in town Monday 'painting the town red' with advertisements of the soda, and causing the people to run over each other looking at the several balloons they sent up. They are a great pair."

M. R. GILMORE has the largest stock of monuments and tombstones ever in Maysville at one time. He doesn't want to carry this stock over to next season, and parties wanting anything in his line can save from 15 to 25 per cent. by buying now. He offers these low prices for next thirty days only. Call and see for yourself. 7-6

MR. ANDERSON FINCH and family have moved into their elegant home, northwest corner of Third and Sutton streets. The building has been overhauled within and without; changes have been made here and there, bay windows built and a veranda added, and the residence is now one of the handsomest and most palatial in Maysville.

THE Millersburg correspondent of the Paris Kentuckian-Citizen says: "Much interest is manifested over Colonel Baldwin's putting a toll-gate near the old grave yard. The people claim it is not two-thirds of a mile from town. He proposes to go on with his work, while the people enjoin the work. It is not known what the outcome will be."

A GRAND concert will be given at Washington Opera House November 25. Some of the finest talent will take part and make the musical treat most enjoyable. The concert will be under the direction of the gifted Miss M. R. Egan, and the proceeds will be for the benefit of the Sisters of the Visitation. Doors open at 7 p. m.; concert begins at 8 p. m.

NEW YORK, October 19.—The New York Herald has startled its companions of the press by the announcement of a free discussion of the question of the times—"The Silver question." Their columns are open. It matters not, either silver, gold or currency will suit Frank Owens Hardware Company for all goods in hardware, guns, ammunition, coal vases or anything else.

THE recent drought in the Ohio valley was one of the severest since 1854. In that year the dry weather lasted five months, and was followed by an extremely cold winter. The March following ice was hauled throughout the entire month, over eight inches thick. At no time from December 10th to March 20th was the weather warm enough to melt a lump of ice lying in the sun, says an exchange.

NUMBERING THE HOUSES.

The Contract Let and Work Will Soon Be Commenced—W. C. Pelham the Lucky Bidder.

The contract for numbering the houses and designating the streets of Maysville has been let and the work will soon be commenced.

Mr. W. C. Pelham was the successful bidder, and will do the work for \$625. His bid was between \$300 and \$400 less than the other bids. The Internal Improvement Committee could not have given the contract to a better man. Work done by Mr. Pelham will be well done.

The figures selected for numbering the houses are of brass, and nickel plated. Those for business houses are two inches long while the ones to be used on residences are one and a half inches long. They can easily be replaced in case of breakage.

For designating the streets and alleys by their proper names a metal plate will be used at the corners. The letters will be white on a blue background.

Miss Emma Bierley.

The friends of Miss Emma Bierley will regret to learn the sad news of her death, which occurred at 2:30 o'clock this morning. She had been in failing health a year or so, and has finally joined the loved ones who had gone on before. The funeral will take place at the family residence Friday afternoon at 2:30 o'clock.

Deceased was a daughter of the late C. W. Bierley and was nineteen years of age. She was of a modest disposition, a member of the First Presbyterian Church, quiet and gentle in her ways, and was loved and esteemed by her many friends.

Miss Fannie D. Blatterman.

Miss Fannie D. Blatterman, whose critical condition was mentioned early this week, passed away this morning at 10 o'clock. She had been ill a long time from some cancerous trouble, and had been a great sufferer.

Deceased was a daughter of County School Superintendent and Mrs. G. W. Blatterman, and was thirty-seven years of age. She was a devout member of the Central Presbyterian Church, possessing those christian graces that won her the love and esteem of all who knew her. The date and arrangements for the funeral will be announced to-morrow.

"The Private Secretary" To-Night

Mr. William Gillette's "The Private Secretary" is a comedy drama of the highest order, composed of characters finely drawn and requiring a considerable degree of talent for their proper delineation. The company, under the management of Mr. Edwin Travers, is fully competent to meet all the requirements of the piece, and with a good play and proper artists to present it, small wonder that the interests of the spectators was held last night from the raising of the curtain till its fall in the last act. While the play produces boisterous hilarity in but a few spots, there is a continuous current of humor running through it that keeps the risibles of the spectator constantly alert and sends him home wishing that he might see it again.—Memphis Appeal-Avalanche, Nov. 3rd.

This excellent play will be the attraction at the opera house to-night. Tickets on sale at Nelson's.

American Bible Society.

The officers and Executive Committee of the Maysville and Mason County Bible Society are requested to meet in the pastor's study of the Central Presbyterian Church Friday evening, November 13th, at 7 o'clock. The various pastors of the city, are Vice Presidents, Mr. John Duley, Secretary, Mr. James Smith, Treasurer and Depository, Messrs. E. Schultz Wood, L. M. Mills, W. H. Sauvary, A. M. J. Cochran and John W. Boulden, members of the Executive Committee. Business of special importance.

I earnestly request all pastors of the city and county to take up a collection for the benefit of the American Bible Society, on the last Sunday of November and send same to Mr. James Smith, Treasurer, or to myself.

J. JAMES WOOD, President.

Here and There.

Mrs. Laura Bailey, of California, is visiting her sister, Mrs. Len Browning, of Shannon.

Miss Julia D. Hancock has returned after a visit to Miss Atta M. Wood, of Millersburg.

Mr. Clay Powers, of Fleming County, visited his brother, Mr. Frank Powers, of East Front street, this week.

Mr. and Mrs. Charles F. Haughey went to New York on their bridal trip. They will reside in Central Kentucky, where he will likely purchase a farm.

8 EAST SECOND STREET.

CONDITION OF CORN.

Statistical Returns Made to the Department of Agriculture.

THE REPORT FOR NOVEMBER.

Largest in Volume Ever Reported to Washington—The Highest Rate of Yield in New England—The Potato Crop Not Equalled in Ten Years—Tobacco in Good Condition.

WASHINGTON, Nov. 12.—The statistical returns of the department of agriculture for November make the corn crop one of the largest in volume. With a rate of yield slightly above the average of twenty-six bushels per acre. Condition has not been very high at any period of its growth, but it has been quite uniform with no record of more than 10 per cent. of disabilities from all causes.

An extraordinary crop has not been possible; planting was irregular and late in many places, growth tardy and uneven, and fears of drouth or floods or frosts very generally felt in the later part of the season; storms in some sections threatened loss, which was minimized; drouth in others checked growth, which was stimulated again by opportune seasons of moisture. Frosts made early threats of disaster, and then delayed their appearance through the entire month of September, which was warm and forcing, drying out soft corn and shrivelling the immature growths.

The result is a well ripened crop somewhat variable in quality, with a moderate proportion of chaffy, unfilled and immature ears. The eastern and western ends of the corn belt, Ohio and Iowa and Nebraska, gave somewhat better yields than Indiana, and Illinois or Missouri and Kansas, the lower levels of the great corn belt suffering more from threatened drouth than the higher elevations.

The highest rate of yield, as estimated, appears in New England, from thirty-five to forty bushels per acre; in the south the range is from eleven in Florida and twenty-five in Maryland, while in the surplus corn states the figures are as follows: Ohio, 33.7; Indiana, 32; Illinois, 31.2; Iowa, 30.7; Missouri, 29.9; Kansas, 28.7; Nebraska, 26.3. Frost in August wrought some injury in the northwest; in Wisconsin the yield is 26.7; Minnesota, 26.5; North Dakota, 27.2.

Both drouth and frost conspired to reduce the yield in South Dakota. Much of the crop is yet in the stack, and its condition and rate of yield may be somewhat better known after garnering and marketing. Yet it is evident that the product will not be less than 2,000,000 bushels, or thirty-one bushels per unit of population.

The October condition of potatoes has only been equalled once since 1880, and the average yield according to these preliminary estimates, has not been surpassed in the past ten years. It averages ninety-three and nine-tenths bushels per acre.

The warm weather in September dried out the soil and checked the incipient potato rot which was threatened after the rains of August so effectually that it is scarcely reported, except in Pennsylvania, some counties in southern New York and certain districts in New Jersey. Quality is generally reported good, except in the regions infested by rot.

Hay has made a nearly average yield and is of medium quality. The tobacco product is somewhat above the average, and will fully meet the requirements of consumption and export.

WALKED OUT OF JAIL.

Three Prisoners Escape, but Two are Recaptured.

MOUNT GILEAD, O., Nov. 12.—At 11 o'clock yesterday morning three prisoners walked out of jail. They were Ren Gano, held for murder; Charles Simpson and James Carey, for burglary.

The men succeeded in placing a wire under the lever which locks the revolving cage at the door, and the moment the deputy sheriff left the corridor the wire was jerked, the lever thrown out to swing the cage around. It was the work of an instant and the trio were at liberty, the door having been left open by the officer.

Searching parties were immediately organized and the murderer, Gano, and Burglar Carey were run down in a cornfield. Simpson is yet at liberty.

Wanted to Work Out His Embezzlement.

SHELBYVILLE, Ind., Nov. 12.—For several years George Justice was in the employ of Deheur & Swain, manufacturers, and was regarded as one of their most reliable men. Two years ago he was given \$1,250, with which to purchase timber and lumber for the company. He pocketed the money, went west and was never heard of until yesterday when he stepped into the company's office and offered to work at \$15 per week until the amount of his embezzlement should be fully liquidated. Mr. Deheur, without returning a word, telephoned the sheriff, who placed him under arrest on an indictment for embezzlement.

Has No Foundation.

WASHINGTON, Nov. 12.—There is no foundation whatever for the report being circulated that President Diaz started incognito from the City of Mexico about six weeks ago on a secret mission to England via the United States, sailing from New York for Liverpool, for the purpose of raising money to replenish the Mexican treasury. This denial is given on the authority of the secretary of the Mexican legation in Washington. A letter from President Diaz was received at the legation Tuesday sent from the City of Mexico less than a week ago.

Mine Victims Buried.

WILKESBARRE, Pa., Nov. 12.—The funerals of the eleven victims of Sunday's mine disaster, took place at Nanticoke yesterday. The whole town was in mourning, the mines and mills having shut down and business of all kinds being generally suspended. Religious services were held in all the churches. Thousands of persons followed the funeral procession to the cemetery.

NO FEARS OF WAR.

Washington Authorities Have No Advice from Chili or Brazil.

WASHINGTON, Nov. 12.—The navy and state departments have received nothing further in regard to affairs in Chili and the published reports that Minister Egan and Captain Schley have made statements of a hostile nature, and that Captain Schley is reported as saying that war with Chili was inevitable receive no credence whatever by department officials.

The state department has not heard anything from Minister Conger about the reported unsettled state of affairs in Brazil. It is stated on excellent authority that the reports from London of the secession of three of the provinces of Brazil, undoubtedly emanated in London to influence the Stock exchange to the benefit of England, and that it is probably an endeavor on the part of England to make the situation of affairs in Brazil as complicated as possible, hoping by such means to cripple the reciprocity treaty between the United States and Brazil.

PLOT TO POISON.

A San Salvadorian Tries to Murder President Ezeta's Brother.

NEW YORK, Nov. 12.—A special cable dispatch to The Herald from San Salvador says a conspiracy to assassinate General Antonio Ezeta, the minister of war, the navy and the interior, and brother of General Carlos Ezeta, president of Salvador, has just been discovered in the city of Santa Ana. The chief conspirator is General Maximino Salguero.

His crime is all the more unpardonable, as he owes his life to the clemency of the brother of the man whom he had plotted to kill. He was convicted by a council of war, after the late struggle, and sentenced to be shot, but was pardoned by President Ezeta. Several arrests have already been made and others are likely to follow. The method to be employed was poison.

A revolutionary movement was discovered and defeated by the government at Starosa, a town in Honduras. It is supposed to be connected with the plan to assassinate General Ezeta.

ATTEMPTED ASSASSINATION.

Close Call of John Woodward of Waverly, N. Y.—No Clue.

BINGHAMTON, N. Y., Nov. 12.—An attempt was made Monday night to assassinate John Woodward, of Waverly, N. Y. As he was passing along a street in the suburbs of that village some one shot at him, the bullet passing through his hat. The would-be assassin escaped.

In July last the bodies of Lou Woodward, eighteen years old, a daughter of Mr. Woodward, and Arthur Peer, of Athens, Pa., were found in a piece of woods, two miles east of Waverly, dead. Their deaths could not be accounted for. Both were shot through the head, and as no revolver could be found, foul play was suspected.

It is thought that the person who shot at Woodward had a hand in the murder of Pierce and Miss Woodward, and that he is anxious to remove Woodward, who has been active in pushing the investigation. The shooting will be investigated.

Small Cyclone.

SHELBY, O., Nov. 12.—Frank Bender, a driver of a cream wagon for the Shelby creamery, had a rough fight with a young cyclone yesterday when about three miles west of Shelby. The wind left him in a fence corner with a black eye, one cheek and his body bruised. The wagon and horses were rolled over several times and the wagon completely wrecked. The cream cans were blown across a field and completely ruined; fences and corn fodder were scattered, and a barn and several small buildings were unroofed. The path of the storm was not over twenty rods wide, and was the worst experienced in this section for several years.

Anxious to Find His Father.

INDIANAPOLIS, Nov. 12.—George W. Rowe, Jr., of 36 Mulberry street, is anxious to find his father, from whom he has been separated since 1864. In that year George W. Rowe, Sr., a member of the Sixty-third Indiana infantry, gave the son to a man named J. J. Harding. Mr. Harding died in 1882, and since that time the boy has been doing for himself. Recently young Rowe came across relatives who told him the story of his life, and he says he is now anxious to find his father. When Rowe was last heard from he was at Covington, Ind., where he enlisted for the war.

Indian Admitted to the Bar.

OMAHA, Nov. 12.—Mr. Hiram Chase, a full blooded Indian of the Omaha tribe, was admitted to practice in the federal court. He is a strong, bright looking young man, thoroughly educated and to all appearances well equipped for the legal profession. He was born and brought up in this state, near Pender. He was educated at the Indian schools in the east, and graduated last year from the law school of the University of Pennsylvania. Mr. Chase is the first Indian ever admitted to the practice of law in Nebraska.

Unbanned Out of \$700.

WEST SUPERIOR, Wis., Nov. 12.—H. W. Stearns, of New York city, was unbanned out of \$700 by two confidence men on the train which reached here at 6:50 a. m. this morning. He sat up all night to save sleeping car fare, and during the night was accosted by the two strangers who proposed a game of cards. He consented, with the above result. At the city limits one of the confidence men pulled the bell cord, the train stopped and the confidence men jumped off and escaped.

How a Farmer Warned a Train.

TIFFIN, O., Nov. 12.—A few miles east of Chicago Junction the wind blew a large tree across the track of the Baltimore and Ohio railway last night. A farmer discovered the obstruction and succeeded in building a fire on the track a few minutes before the arrival of the westbound fast line which reaches here at midnight. The danger signal stopped the train and doubtless averted a most appalling accident.

Generally fair weather, except on the lake shore; light rain or flurries of snow; cooler; westerly winds.

PROFESSIONAL AND BUSINESS CARDS.

FRANK P. O'DONNELL,

ATTORNEY

And Counsellor at Law. Practices in Mason and adjoining counties. Office in building of Wadsworth & Son.
